

Make Every Month “National Safety Month”

June is National Safety Month, an annual event sponsored by the National Safety Council to promote safety awareness and injury prevention. As a Pinnacol Assurance policyholder, you can promote safety year around in your workplace — and hold down costs — by taking advantage of our extensive safety services and resources.

- **Safety Consultants** – Pinnacol’s team of 27 safety professionals — the largest, most experienced safety team in Colorado — is available to policyholders at no extra cost. They can help you develop a safety program, analyze why injuries are occurring, solve injury problems on construction sites or in office settings, and much more. You can contact us online at www.pinnacol.com or call us at 303-361-4000 or 1-800-873-7242.
- **Safety Materials** – We have CDs, brochures, posters, and other materials designed to keep workers safe in just about any industry. Many of these materials are bilingual and they are all free to policyholders. To order any of our safety materials, visit www.pinnacol.com or call us at 303-361-4000 or 1-800-873-7242.
- **Safety Seminars** – Our seminars emphasize real world, practical information that you can apply to your business. Held at convenient locations around the state, there is a wide variety of seminar topics to choose from and most seminars are free to Pinnacol policyholders. To register for a seminar online, go to www.pinnacol.com or call 303.361.4776.
- **Online Safety Training** – Pinnacol Assurance has teamed up with ClickSafety, a nationally recognized online training provider, to offer more than 200 safety courses online. Employees can access this training 24 hours a day, 365 days a year, and many courses are available in Spanish. Please visit www.pinnacol.com and click on the Safety tab for a full list of courses, course descriptions, and to register.
