Workman's Compensation Safety Seminar

This course provides an overview of the primary hazards found on most construction sites and effective methods to identify, correct, and control them. Learn about the regulatory requirements specific to the construction industry as well as specific techniques and programs to promote safety on the jobsite. There is no charge for the seminar. All safety group members are required to attend at least one safety seminar per year. Anyone interested in learning more about safety issues or the Pinnacle Workman's Compensation program is also welcome to attend.

Please RSVP to Meagan@steamboatchamber.com or 875-7003
