Steamboat Wine Festival Sponsorship Opportunities

The 7th Annual Steamboat Wine Festival will be returning on August 5-8. There are still some fantastic sponsorship opportunities available and we would like to offer an exclusive program only available to chamber members which allows for you to save up to \$1,000 on a sponsorship package. This gets your company in front of a highly desirable audience during the busiest summer weekend of the year. If the economy is still nipping at your heels, take advantage of exclusive ticket packages to take care of loyal customers or attract new clients. Also don't forget about your faithful employees who have been with you throughout year. Treat them to a day of wining and dining. Ticket orders of 12 or more will receive a 15% discount for all chamber members. Contact the Steamboat Wine Festival at 303-777-6887 or gail@teamsage.com.

The Steamboat Springs Relay for Life needs YOU!

Help us Celebrate, Remember and Fight Back! The event is on July 23rd and 24th and we need teams! This is an amazing event in which the whole family can participate. The Relay for Life helps communities celebrate survivorship and the hope that one day cancer will be eliminated and helps them to remember loved ones lost to the disease while finding comfort and healing.

For more information about forming a team, go to

www.steamboatrelayforlife.com, or contact Lisa Powell at lnadine@comcast.net or 303-704-0618.

The next Team Captain meeting will be at the Smokehouse on June 16th - 6:00 to 7:00.

Contemporary Western Art

Rick Meoli

(970) 871-7891

www.contemporarywesternart.com

Contemporary Western Art Company was the vision of Rick Meoli that began in 2004. Being an accomplished professional photographer, Rick realized that through his eyes and lens, his perception of the west differed greatly from most photographer's work. He wanted to do much more than simply document the iconic images of the west. Rick's work is dedicated to defining moments in western lives lived hard and lived well. To each image he adds a digital art finish that fuses color and texture to further enhance the visual impact. The synergy created by the fusion of reality and imagination makes each image timeless.
